## DETAILS

The SI1000 is the smart, affordable solution for preparing your outgoing mail. Automatically fold, insert and seal up to 900 pieces per hour into a #10 standard or window envelope.

### 1. Maximize Your Time & Mailing Efforts

In-house mail production will become a simple, trouble-free process with the SI1000 desktop folder and inserter. No more worrying about meeting tight mailing deadlines! You will be able to count on a more professional, securely sealed mail piece every time.

### 2. Envelope Feed Options

Adjustable size guides allow the feeder to accommodate different media including reply cards, inserts and return envelopes. The envelope feeder is fast and easy to set up. You can even load it while it's running!

### 3. Handles a Wide Variety of Documents

Fold and insert documents including invoices, flyers, statements, order forms, letters, price lists, literature, newsletters, even pre-stapled sheets. Produces either C- folded 8.5" x 11" documents or 8.5" x 14" double folded documents.

### 4. Easy to Use Control Panel

LCD panel clearly displays prompts and operation modes. Choose from 3 operation modes: fold and insert, fold only, seal or no seal.

### 5. Special Features

Double document detection, resettable mail piece counter and its unique "trial piece" button makes sure your job comes out correctly.
